india's case for a veto be stronger if it has a permanent membership inside the Security Council and pushes for an equality of treatment? That is the issue. I am sure that the External Affairs Minister would know that is the art of the possible. Otherwise we are playing United States' game. If you reject the report of the Commitee, which the United States very well want you to, then what is the next step? You will continue to be revolving. Once in a while you will get into the Security Council and keep on pleading. So, why not become a permanent member under protest. Sir, this is an important issue and that is why I have taken a minute. I would like Government to reconsider this. Thank you.

SHRI K. NATWAR SINGH: Sir, I have great respect for the hon. Member. Let us wait for the report, which would be sent to the Member States by the Secretary-General. And, then, after we have studied it, we will take our decision. But let me make it clear that...*(Interruptions)...*

श्री रूद्रनारायण पाणि : प्रधानमंत्री जी कुछ तो बोल दें ।

श्री सभापति : आप पूछेंगे तो बोलेंगे ।

SHRI K. NATWAR SINGH: This issue is very much before the Government. We are all applying our minds to it. There are various suggestions being made. I personally don't want to look at it as a personal matter. But there are serious ramifications for the proposal made by the hon. Member that we get into the Security Council without a veto. I don't think it will be acceptable to this country.

MR. CHAIRMAN: Question Hour is over.
